## Careers At CENTEX

**We Don't Hire For Pace. We Hire For Rhythm.**

This isn't just a job board.

It's a small window into the kind of ambition we admire—quiet, consistent, and almost stubborn about quality.

At CENTEX, the machines run on effort. Design is a discipline. Deadlines are sacred. And good taste? That's table stakes.

*We are not looking for speed.*

*We're looking for presence.*

*For individuals who sweat the commas, not just the conclusions.*

*You'll need to show up. Every day. With curiosity and conviction.*

This isn't a place for wanderers. It's a place for builders.

If your energy is consistent, your ideas will be welcome.

If your work ethic is non-negotiable, your name will travel.
