

Centex

## Matter & Form

**The Textile Is Not The End. It's The Beginning.**

You won't find filters here. Just cloth—designed to carry emotion without shouting.

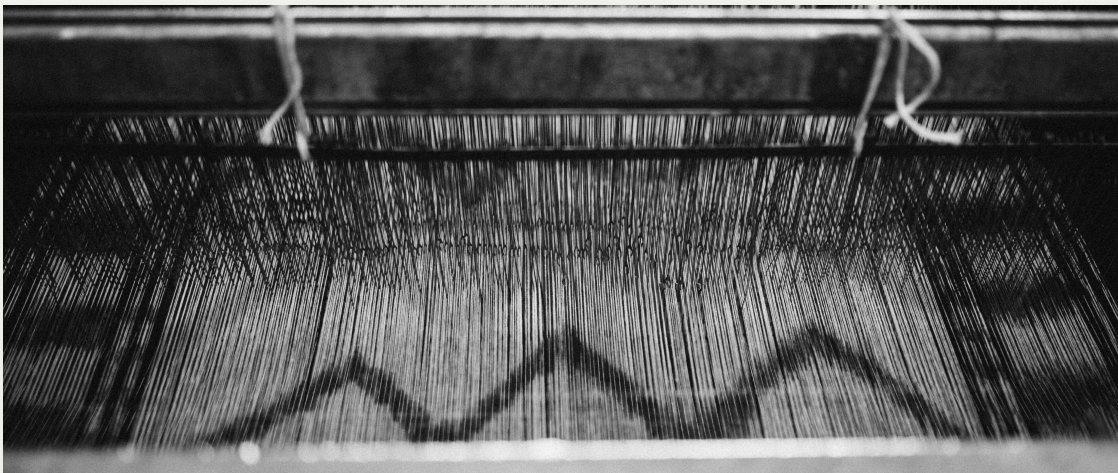

Some are soft. Some are sculptural. All of them have depth.

Each piece passes through more than machinery. It passes through judgment.

We don't outsource parts. We internalize everything.

Because verticality isn't just a supply chain—it's a value chain.

**“Verticality Isn't Scale. It's Self-Reliance.  
One Home. A Thousand Hands. A Single Rhythm.”**

## Our Range

We don't just make products. We compose categories.

Each piece begins in fibre and ends in feeling. Here's a brief map of the families we steward:

- KNITWEAR

"Soft to hold. Sharp to remember."

Beanies, heritage sweaters, winter caps, artisan gloves, scarf wraps, earwarmers, knitted ties, essential tees, jacquard knits, boucle tweeds, and evening sparkle knits.

- WOVENS

"Structure, silhouette, and sentiment."

Fringed scarves, weightless stoles, longline ponchos, lounging kimonos, fabric totes, formal tie cloths, French tweeds, metallic sequins, digital and rotary prints.

- CAPS & HATS DIVISION

"From sun trails to sidewalks."

Baseball styles, deep-dome buckets, summer straws, crafted straw totes, day bags, and casual backpacks.

- SPINNING DIVISION

"Where every yarn begins with an opinion"

100% wool, pure cashmere, cashmere blends (wool-silk, wool-polyester, silk-poly), luxury acrylics, brushed fancy yarns, and soft-spun crochet threads.
